

Erasmus+ Partnerships of the Institute of Social Sciences (D OSNABRU01)

Places for the academic year 2025/26 (winter semester 2025/26 and summer semester 2026)

18.11.2024

Important note on overlapping semester periods: In particular, the start of the summer semester at the partner universities may overlap with the lecture period of the winter semester at Osnabrück University. In such cases, it is usually still possible to study abroad. However, students must organize the crossover themselves and ensure that they take their examinations and coursework at Osnabrück University ahead of time and make appropriate individual agreements with the lecturers (it may not be possible to take examinations ahead of time in the case of written exams/tests).
